

Out of State Licensing

If upon graduation, your intentions are to be licensed in another state, please fill out this form along with that state's education verification documentation (their version of Form A) and send it to Student Affairs for completion.

Note: Graduation verifications cannot be emailed or mailed before Degrees are conferred!!

Name _____

Address _____

Phone Number _____

State you are applying to _____

State Board of Pharmacy Email Address _____
(Provide an Email Address if you would like your education verification emailed)

State Board of Pharmacy Mailing Address _____

(Provide a mailing address if you would like your education verification mailed)

Please submit this form to Student Affairs

pharmdsa@cop.ufl.edu

or

UF College of Pharmacy

PO Box 100495

Gainesville, FL 32610

Please provide the State Board of Pharmacy Application in which you are applying to:

1.. Complete your portion of State X's Board Application

2.. Use removable stickers to identify pages that need a signature

3.. The education verification portion will be completed, and the entire packet will be forwarded to State X's Board of Pharmacy.

Candidates for licensure should choose a primary state to be licensed in. It is usually best to get licensed in Florida and then have the score transferred.

NABP permits a NAPLEX score to be transferred for **up to 90 days after the examination** is taken. This typically provides enough time for a candidate to transfer their score and fulfill the remaining requirements for licensure in the second, third, or fourth state if applicable.

DO contact the staff at both board offices regarding policies and procedures concerning primary/secondary licensing.
